

Environmental Policy Statement (version 2 2024)

BARNES COACHES is committed to developing sustainable solutions and recognises its responsibility for the impact of its operations on local communities and the natural environment.

BARNES COACHES' approach is based on achieving and reporting continuous improvement in environmental performance. The implementation of this statement will be reflected in our activities.

BARNES COACHES is committed to:

- Meeting all legal requirements, regulations and standards of the country of operation, and monitoring to ensure compliance.
- Preventing pollution and monitoring the reduction of any adverse impacts such as the effects of noise, dust and nuisance on the environment and communities as far as is reasonably practicable.
- Demonstrating efficient use of energy, water and raw materials through the development of performance indicators and taking appropriate opportunities to minimise waste and to re-use and recycle.
- Working to improve the standards of the business sectors in which the company operates, enhancing environmental awareness and commitment amongst our employees through structured training, and encouraging the adoption of sound environmental and social principles amongst customers, subcontractors and suppliers alike.
- Engaging in stakeholder dialogue where possible to identify innovative solutions and appropriate alternatives to meet environmental challenges.
- Providing relevant training to ensure all employees are competent to carry out their work.
- Seeking to influence the environmental impact of the constructed product through enhancement of design specification and the adoption of sustainable construction techniques.
- Reporting on the key environmental impacts of our operations, the improvements achieved and targets for the future.
